QUALITY FIRST

About Us 關於我們

Founded on **November 3, 2020**, Zhongshan Rongyin Hardware Co., Ltd. is headquartered in Zhongshan City, Guangdong Province — one of China's most dynamic manufacturing hubs. From day one, we have upheld the principle of **"Quality First, Integrity in Business"**, delivering exceptional hardware products and professional engineering services to clients across municipal, educational, medical, fire safety, and eco-construction sectors.

Our Mission

To provide clients with reliable, high-quality hardware and architectural solutions that stand the test of time — on schedule, within budget, and beyond expectations.

Our Commitment

Every project we undertake reflects our dedication to precision craftsmanship, certified materials, and responsive customer service. We build lasting partnerships, not just products.

What We Do — Our Business Scope

Rongyin Hardware operates across a broad and integrated range of manufacturing and engineering disciplines, enabling us to serve as a **one-stop solution provider** for complex construction and renovation projects.

Hardware Manufacturing

Metal products, rubber & plastic components, door & window fabrication, and architectural metalwork.

Eco-Wood & Furniture

Eco-friendly wood products, outdoor furniture, handrails, stages, and decorative panels.

Fire Safety Engineering

European-standard 1hr & 2hr fire-rated doors, HOKLAS-certified fire resistance testing.

Engineering & Installation

Municipal works, school projects, medical facility upgrades, landscaping, and earthworks.

We supply and install — from raw material sourcing to on-site project completion. Contact us today for a customized quotation.

Our Corporate Culture 企業文化

At Rongyin Hardware, we believe that a strong company is built on strong people. Our corporate culture champions **unity, innovation, and social responsibility** — values that drive every project we deliver.

Teamwork & Collaboration

We foster a collaborative environment where every team member's contribution is valued. Cross-functional cooperation ensures seamless project delivery from design to installation.

Innovation & Growth

We continuously invest in new technologies, materials, and processes to stay ahead of industry trends and deliver cutting-edge solutions to our clients.

Social Responsibility

Rongyin Hardware actively participates in community initiatives and contributes to the sustainable development of the local economy and society in Zhongshan City.

Employee Wellbeing

We provide excellent working conditions, competitive benefits, and ongoing training to inspire creativity and dedication in every member of our team.

Municipal Engineering Projects

市政工程

Rongyin Hardware has successfully delivered a wide range of **municipal-grade hardware and architectural installations** for government facilities, public infrastructure, and civic buildings. Our municipal product line combines durability, aesthetics, and compliance with public safety standards.

玻璃摺疊門 — Glass Folding Doors

Elegant brown-framed glass folding doors designed for public buildings. Combines natural aesthetics with robust structural performance for high-traffic municipal environments.

天面圍欄 — Rooftop Perimeter Railings

Precision-fabricated rooftop railings engineered for safety and longevity. Suitable for public facilities, ferry terminals, and civic infrastructure with demanding weather exposure.

裝飾牆 — Decorative Feature Walls

Custom-designed decorative wall panels that transform interior spaces. Ideal for lobbies, waiting areas, and public halls where visual impact and brand identity matter.

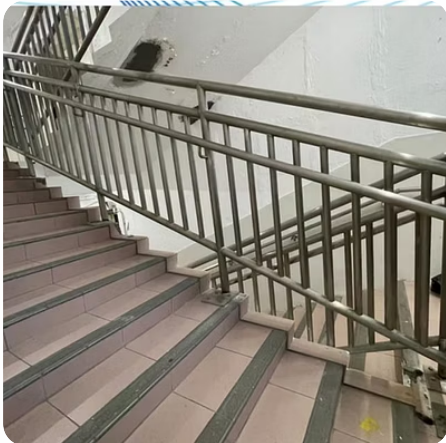

通道閘門 — Security Passage Gates

Heavy-duty black metal security gates for controlled access in public passages. Engineered for strength and reliability in high-security municipal and government applications.

 All municipal products are fabricated to meet local building codes and public safety standards. Custom dimensions and finishes available upon request.

School Engineering Projects 學校工程

Safety and durability are paramount in educational environments. Rongyin Hardware provides **school-grade fencing, railings, and safety barriers** that protect students while complementing the architectural character of school campuses. Our school solutions are trusted by institutions across the region.

防盜圍欄 - Anti-theft Fencing

Anti-theft perimeter fencing for school grounds. Robust metal mesh construction with concrete pillars ensures campus security without compromising visibility.

走廊欄杆 - Corridor/Balcony Railings

Corridor and balcony railings for multi-story school buildings. Designed to meet child safety standards with smooth finishes that prevent injury.

安全圍欄 - Safety Fencing

Safety fencing systems for school exteriors. Provides a secure boundary while maintaining an open, welcoming appearance for the school community.

樓梯扶手 - Staircase Handrails

Staircase handrails fabricated from high-grade metal. Ergonomically designed for comfort and safety, suitable for students of all ages.

Medical Facility Engineering

醫療機構工程

Medical environments demand the highest standards of hygiene, durability, and precision. Rongyin Hardware supplies **specialized flooring and structural solutions** for hospitals, clinics, and healthcare facilities — including premium imported and domestic diamond-plate materials that meet stringent medical-grade requirements.

Material Options

1

日本進口花紋板

Japanese imported diamond plate — superior surface hardness, anti-slip properties, and corrosion resistance for demanding medical environments.

2

國產壓花

Domestic embossed plate — cost-effective alternative with reliable anti-slip performance, suitable for secondary areas and utility corridors.

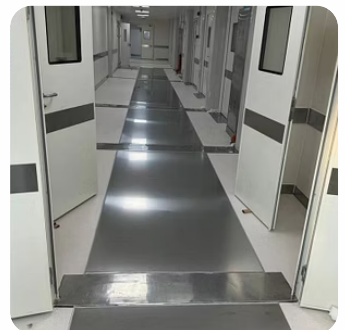

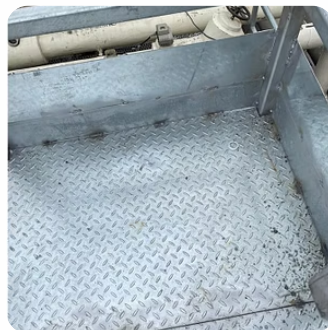

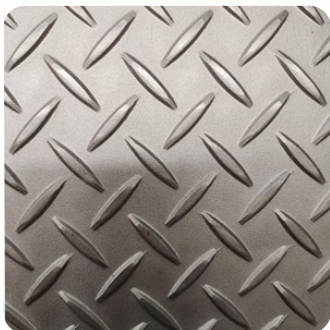

Applications

→ 天面平台架 — Rooftop Platform Frames

Structural metal platforms for rooftop equipment access, fabricated with diamond-plate flooring for safe maintenance walkways.

→ 地面鋪墊 — Floor Covering Systems

Diamond-plate floor coverings for hospital corridors and utility areas — hygienic, durable, and easy to clean in high-traffic medical settings.

Fire Safety Engineering 消防工程

🛡️ HOKLAS CERTIFIED

Rongyin Hardware is proud to offer **European-standard fire-rated doors** that have successfully passed **HOKLAS fire resistance testing and certification**. Our fire doors provide critical life-safety protection for buildings across all sectors — from commercial offices to hospitals and schools.

⚠️ Fire safety is non-negotiable. Our doors are independently tested and certified to withstand fire for 1 hour and 2 hours respectively, giving building occupants and owners complete peace of mind.

Single Fire Doors — 單扇防火門

Stainless steel single-leaf fire doors with vertical glass vision panels. Available in standard and custom sizes for corridors, stairwells, and utility rooms.

Double Fire Doors — 雙扇防火門

Stainless steel double-leaf fire doors with dual glass vision panels. Ideal for wider openings in commercial buildings, hospitals, and public facilities requiring high-traffic access.

🔥 1-Hour Fire Rating

Certified to contain fire and smoke for a minimum of 60 minutes, providing critical evacuation time.

✅ HOKLAS Certified

All fire doors have passed independent HOKLAS accredited laboratory fire resistance testing.

🔥🔥 2-Hour Fire Rating

Enhanced protection for high-risk zones, certified to resist fire penetration for a full 120 minutes.

🔧 Custom Fabrication

Available in single and double leaf configurations, custom dimensions, and stainless steel finishes.

Eco-Wood Engineering 環保木工程

Our eco-wood product line brings the warmth and beauty of natural wood to public and commercial spaces — without the environmental cost. Using **sustainable, weather-resistant eco-wood materials**, Rongyin Hardware crafts outdoor furniture, handrails, stages, and decorative elements that are built to last in any climate.

Available Color & Texture Options

We offer a curated palette of 6 eco-wood finishes ranging from warm natural browns to contemporary greys — ensuring a perfect match for any architectural style or project requirement.

Product Range

1 演講臺 — Presentation Stages

Circular eco-wood stages with polished metal railings, ideal for school auditoriums, community centers, and public event spaces.

2 環保木扶手 — Eco-Wood Handrails

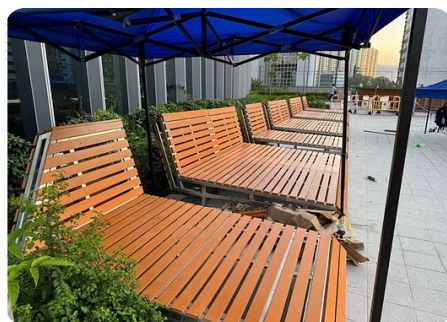

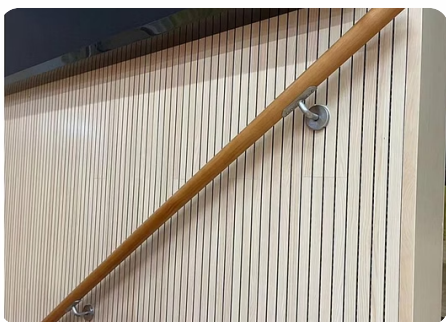

Wall-mounted eco-wood handrails with vertical slat backing — combining safety with natural aesthetics for corridors and staircases.

3 太陽椅 — Sun Loungers & Benches

Outdoor slatted benches under canopies for urban courtyards, transit hubs, and recreational areas.

4 公園凳 — Park Benches

Durable eco-wood park benches with black metal frames, designed for long-term outdoor use in parks and public plazas.

Request a Quote — Partner With Us Today

Whether you are a contractor, developer, government agency, or facility manager, **Zhongshan Rongyin Hardware Co., Ltd.** is ready to deliver the hardware and engineering solutions your project demands. We offer competitive pricing, flexible customization, and reliable on-time delivery.

01

Contact Us

Reach out via phone, email, or visit our factory in Zhongshan City. Share your project requirements and specifications.

02

Receive a Custom Quote

Our technical team will review your needs and provide a detailed, transparent quotation — no hidden costs, no surprises.

03

Confirm & Fabricate

Upon order confirmation, our skilled craftsmen begin precision fabrication using certified materials and quality-controlled processes.

04

Delivery & Installation

We coordinate logistics and on-site installation to ensure your project is completed on time and to the highest standard.

"Quality First, Integrity in Business" — The founding principle that guides every product we make and every project we deliver.
